Muhammad Asim Kundi

Software Engineer

Creative, detail-oriented, software engineer with a deep interest in AI. Proven track record of creating and implementing successful front and back-end web applications. Looking to bring my skills to a tech company with global reach.

Work Experience

Software Engineer at 100devs , Los Angeles, CA
Oct 2022 – Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices.
- Built semantically structured full-stack web applications.
- Applied agile methodologies like SCRUM for project management

Kundi Traders & Co (Construction Company website)

I developed a website for a construction and building materials supplier firm, facilitating prospective clients in Islamabad and its neighboring areas to access information on available construction materials and seamlessly engage in contract negotiations for residential building projects.

Hair Lounge (Hair Saloon Website)

I designed and developed a new website for Hair Saloon. Our website serves as a comprehensive platform where you can easily access essential information like Online Booking, Service Information, Contact Us, Customer Reviews, and Salon galleries about our salon.

Skills

- HTML
- CSS
- Bootstrap
- Tailwind
- Javascript
- React
- React-Native
- Node
- MongoDB
- PostgreSQL
- OOP
- Web Accessibility

Education

Bachelor of Software Engineering
IQRA University , Islamabad

Oct 2021 - Present

Islamic Tutors(Full Stack Website)

I am presently engaged in the development of a website. This platform aims to facilitate the acquisition of knowledge about the teachings of Hazrat Muhammad (peace be upon him) and Quranic studies by offering the following features:
- Access to Quranic Knowledge
- Guidance from Qualified Scholars
- Discussion and Questions

VOLUNTEERING

Non-profit Front-end Web Development Bootcamp   Aug 2023 - Oct 2023

I organized a Front-end Development Boot-camp for students residing in under-served areas, aiming to provide them with access to high-quality education and foster a culture of self-learning within the context of freely available educational resources.
